# Creating Real Hope for Young People

*A presentation by Andrew Gaines.*

Exploring innovative ways of helping people think better to solve global warming and other looming issues.

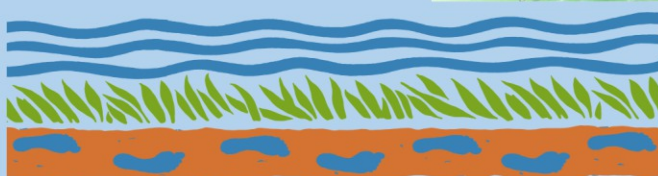

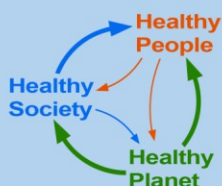

Andrew Gaines is a Board member of *Be The Change Australia* and a founder of the *Great Transition Initiative (GTI)*.

The *Great Transition Initiative* is about how to address the major drivers that are making environmental issues worse, as well as transitioning to a life-affirming global culture.

This discussion is about identifying and developing ideas together.
